Erin

Thanks for setting up the call on Thursday. Given the time sensitivity, it would be helpful to a call tomorrow with just counsel to ensure the most productive call on Thursday. Can you please let me know your availability and preference? Can you also please send me the cited ALOHA analysis and any supporting modeling and related inputs including emission test data? Thanks, Bill

Bill,

It appears that Thursday at 2pm would be best for folks here.

Additionally, attached please find an order pursuant to CAA 112(r)(1) regarding the flare bypass and recent digester foaming event. We can discuss this Thursday as well. Please let me or Sara know if you wish to discuss before then.

Subject: BOE Conference call on Thursday

Erin

I just left you and Susan voicemails this morning. Can we set up a joint call this Thursday with the NDEQ and include both technical teams as appropriate-- to discuss EPA and NDEQ concerns with the bypass exit vent--as set forth in the NOV that you sent me yesterday?

Please let me know your availability.

Best, Bill
